Pemberton Community News

Talk about leave everything to the last minute. We are scrambling once again to get the news to you on time and we want to thank all of you who took the opportunity of advertising with us using the funding received from Lotterywest. We truly hope that it has been worth it for you and that we get to see you again in our paper soon.

The front page says it all, Farewell to the Favero's as they embark on a new chapter of their lives. Personally, I would just like to thank Janet and Fernando for taking such good care of me over the many years. Fernando has had to put up with my ridiculous car questions, because I know my car and I know when it is making the wrong noise! Yeah right! We wish Janet, Fernando and Jack all the best and trust that whatever happens, they get a great rest first.

Check out the first poster for **WOW Pemberton® 2020** coming up November 14th and 15th. This will be fantastic for the whole area as we will be showcasing not only art and words, but also the wonderful foods of the Southern Forests. This will be big for the CRC and we trust you will want to get on board. You will find our first poster on page 28.

You know the words—there is always something isn't there?, well this is my life. If you saw my desk at the CRC office you would probably be horrified at the disarray, and no, there isn't a method to my madness. I hate disarray anywhere, it doesn't suit me and makes me even more frustrated than normal. No amount of tidying up is making any difference. Oh! I guess I could work longer hours, but that might be a drag. I do have to say I had a really good experience with Telstra last Friday when the PVC and Caravan Park phones were cut off and I was able to front up to the Telstra Business Office in Bunbury after coming out of a funeral. The staff had me on conference call to Perth and everything went so well and they were so kind, I thought I was on a different planet. Whatever is happening though, underneath it all, we are having fun here at the CRC. This week will see the last of our Foodbank workshops which will be our third year in a row. Big hats off to all those who come along join with us to cook up a storm and have a laugh or two.

This month I will be attending a DPIRD conference in Northam where the new contract period for CRC's for the years 2022-2027 will be discussed. Crikey! Looking that far ahead is somewhat daunting to say the least, but also reassuring that the State Government is still giving CRC's a voice on behalf of the communities we serve. Minister Alannah MacTiernan will be in attendance and it will be interesting to hear what spin she brings to the party.

You never know what's around the corner do you? The other day I received an email from a niece of mine who is a genealogy nut to advise that she had had a major breakthrough on the 'Mack' line. For ever, when someone asks your name and you reply Mack, they will always ask Mac what? Just Mack, like the truck you say to make sure they have it right, and then you find out that somewhere down the line there was something after the Mack after all. That the family alternated between Mack and Mac something for generations and there are different names showing on different records.

Don't forget your Family Tree—we are still an Ancestry Library, so come in. You never know what you might find.

Deb

Pemberton Visitor Centre Update

With the strange situation of being in WA with closed borders West Australians are travelling within our state in large numbers, which is having a welcomed impact on tourism businesses, especially in Pemberton with lots of people about even with the wet weather.

With Spring coming, the wildflowers starting to show and the warmer weather Pemberton businesses are enjoying the increased visitation. It is an unusual exciting time for Pemberton.

With the changeover to the new financial year you may have heard there has been a change in the Executive for the Pemberton Visitor Centre Board.

Three board members have stepped down after a long period working for the betterment of the Pemberton tourism industry. The members retiring are John Gaunt President, Secretary Don Box and Treasurer, Murray Johnson. All three have served a long period of time and have contributed to the success of the PVC and the Pemberton Caravan Park.

The PVC has commenced television advertising on GWN7 for 3 months to promote Pemberton within WA. The visitor centre is also working with the Southern Forests and Valleys Local tourism Association in their targeted television campaign.

A social media campaign is currently being developed with the aim of launching in September.

Front counter staff, along with the Pemberton CRC staff, have been undertaking famils. They are visiting local businesses to familiarise themselves with what is on offer and meet the operators to assist in promoting Pemberton.

Trail Town Project

In 2012 Pemberton was identified as having the potential to become a Trail Town in the “World Class Trail Hub Strategy” report, in addition, Pemberton is identified in the top three towns having potential for national significance in the South West Mountain Bike Plan.

Several stakeholders including Department of Local Government Sport and Cultural Industries, Department of Biodiversity Conservation and Attractions – Parks and Wildlife, Shire of Manjimup and Pemberton Visitor Centre have contributed funds towards the development of a Pemberton Trails Master Plan and Business Case.

This planning project will build upon numerous existing plans providing the clarity to propel Pemberton forward in its aspirations to become a trail town.

The Trail Town Project is moving forward and has tight deadlines. The request for quote tender for a consultant to write the Master Plan closed this week and the suitable business will be selected soon. The Master Plan is due in early December 2020 and community consultation is an integral component of the developing the plan. The Trail Town Project includes different types of trail users.

The Trail Town Project has just received \$40,000 as part of the WA Recovery Plan towards writing the Pemberton Trail Town Master Plan.

The infographic featured on pages 16 & 17, was developed by the Pemberton Cycling Group with input from DBCA Shire of Manjimup, PVC and Westcycle highlighting possible outcomes from the Project.

Hi everyone,

We hope you're all keeping warm and dry in this recent run of winter weather. It's certainly added another element to our rides!

Maintenance work this month has focused on clearing fallen trees/limbs and addressing the swimming pools that have formed on some of the trails. Affected trails have been reworked and re-sculpted in certain sections to improve drainage and minimise the mud.

A significant trim and clearing for the first 300m or so of Nearly Gnarly has breathed new life back into the trail and reinvigorated the network on this side of the road. Although there is plenty more to go, the hard work that has gone into it is much appreciated by our regular and visiting riders.

The upper half of Wahoo has also benefitted from some alterations to reduce braking issues and improve the overall flow of the trail.

You may have heard the news that Pemberton is part of the mix in the WA state government's Tourism Recovery Plan announced in August. Along with developing and improving some existing attractions around the Pemberton area, a portion of this funding has been allocated to mountain bike trail planning and design in Pemberton. We're very excited and looking forward to seeing where this may take us!

Our social rides are still on every Saturday and Sunday mornings, with an open invitation for anyone to join. We will be hosting an AGM and planning workshop in mid-September – if you're interested in coming along, please get in touch via the email below.

Until next month, keep those wheels spinning and smiles grinning!

MTB ride - Saturday 8am, Pemberton Pool carpark
Road bike ride - Sunday 7.30am, Crossings Bakery

Working with regional communities to create a better future for families, businesses and towns.

Staff Shortages hurting businesses

The lack of skilled and unskilled workers in the South West is having a detrimental effect on businesses. Due to the lack of available staff, local cafes and restaurants are unable to open every day to cater to increased visitor numbers.

The Nationals asked the Government to consider a campaign to educate and offer ways in which Western Australians can work regionally, including training, worker accommodation and promotion of seasonal work. We also asked the Government to investigate possibilities of bringing people into WA under strict quarantine conditions, as many horticultural businesses rely on skilled overseas workers for picking and pruning.

Help our people return home

My office is receiving calls every day from families who have been torn apart due to travel restrictions. People from this area are trying to get home from the Eastern States. They are there for family or work reasons—to support a daughter having a baby; to attend the funeral of a brother who died tragically; or to conduct highly specialised technical work. These people should have their travel passes approved so long as they agree to adhere to all quarantine requirements.

Book your holiday accommodation locally

Despite The Nationals highlighting the issue of overseas booking platforms price gouging accommodation providers, the Minister for Tourism pleaded ignorance and suggested

Tourism WA could report this activity to the Australian Competition and Consumer Commission. In some cases, online booking platforms are increasing prices by 37%, of which accommodation providers receive not a dollar extra. This is damaging to accommodation providers reputation, particularly as they are working hard to provide the best possible experience at the most reasonable value to visitors exploring our region. My advice—book your holiday with a local tourism provider or directly with the provider

The **BIG** news from us to you, is that we will be holding our event this year—**WOW Pemberton ® 2020**. This is getting bigger and better with each year. Beginning with our Day Out for Women (DOFW ®) 2018 we expanded somewhat last year to bring to you Winter Workshops 2019. This year we have the extreme pleasure of offering a Weekend of Workshops—WOW Pemberton ® 2020, and our line up—well wait for it.....

We can't even say that we have a headline act because each presenter is just something else. Once again we are fortunate to have the brilliant **Tony Windberg** join with us to present his workshop "**White Plus One**", a new/different look at Landscape on Canvas.

Tenina Holder from **COOKING WITH TENINA** is a global phenomenon in the world of Thermomix and having her come to visit us in Pemberton is a coup to say the least. Tenina will be focusing on the foods of the Southern Forests and will be designing a menu specifically for us for—shall we name it '**Wild Foods of the Southern Forests**'?

Tamara Brown 'The Raw Food Girl' will be presenting her story on '**HOOKED ON HEALTH**', and it doesn't take much once you have seen Tamara, to know that she is really on to something wonderful.

AND—**Jon Doust**, Bridgetown born author, long listed for the Miles Franklin Award for his novel **Boy On A Wire** in 2010. Jon's third part in this series of **Boy On A Wire, To The Highlands and Return Ticket**, was released in April 2020. Having Jon consent to come and play with us here in Pemberton, is nothing short of remarkable. Jon is an entertainer as much as an artist and his creative writing sessions will be memorable.

The Shire of Manjimup Covid-19 Emergency Relief Assistance has allowed the Pemberton Community Resource Centre offer Breadbox and Free Market Thursdays for some weeks. The amount of produce provided through the group Second Bite has been truly inspiring. We have had the privilege of being able to offer great products (all non perishable items), but have incorporated our Bread Box Thursday into the mix. This has allowed members of the community to bring their shopping bags and go home with products to bring meals together and put some aside for the pantry.

We are eagerly awaiting the re-opening of the Pemberton Community Markets on the 10th October. This will again be in cooperation with the Uniting Church's Car Boot Sale and our BarBee Marque, offering the best bacon and egg rolls this side of the Karri Forest. We might even throw in a sausage sizzle to get along with. If you have been hanging out for a space to sell your wares, October 10th is your day. Give us a call and book your site early.

CWA NEWS

During September we will be opening every 2nd Saturday, this is due to COVID, the weather and a lack of members to help man the shop. Our days for September will be 5th, 19th we will be open on 26th for our Market Day (so come in and visit us as we will have our cake stall up and running). COVID has impacted on us as most of our members are well (age wise) in the vulnerable category hence the change to our opening hours. We will be opening every Saturday as normal from October and look forward to seeing you all again. It is good to see our town open and welcoming to all visitors and locals alike.

Monthly prayer

Our Father,

With signs of our emerging spring around us we are reminded of Your faithfulness to us in giving us the respective seasons as You promised Noah those many years ago that “as long as the earth remains, there will be planting and harvest, cold and heat, summer and winter, day and night” even though we as humankind don’t always treat the earth with the respect and care it deserves.

As we see the flowers emerge and provide such beauty to the earth and then fade and fall, we remember Your words, Lord Jesus, when You said “Look at the lilies and how they grow. They don’t work or make their clothing, yet Solomon in all his glory was not dressed as beautifully as they are. And if God cares so wonderfully for flowers that are here today and thrown into the fire tomorrow, He will certainly care for you. Why do you have so little faith?” You ask us not to worry about events and issues here on earth but to place our faith in You who will care for us for all eternity when our time here below comes to an end. Help us we pray to see all of life from Your perspective and to be prepared to live our lives to Your glory here below but also to be ready for eternal life beyond. We ask all of this in Jesus’ Name, Amen

PEMBERTON ARTS GROUP INC

Pemberton Community organisation of the Year 2016.

www.pembertonartsgroup.org.au

[pembertonartsgroup.facebook.com](https://www.facebook.com/pembertonartsgroup)

PAG NEWS:

DON'T Forget...To our sponsors, members and artists who receive an invitation to the 17th Annual Spring Exhibition - you must RSVP with your acceptance as numbers attending the opening event are strictly limited due to Covid restrictions.

Where are we now?

Pemberton locals will soon have the opportunity to see plans for the colocation project which will provide amenities for our whole community. Our Arts Group (PAG) anticipates that the new spaces will encourage community members and visitors to use and enjoy the facilities. For us, the Community Arts area in particular will enable local artists and community members to meet, engage and create art in a venue suitable for a wider range of activities and attracting a broader range of age groups than is currently possible.

We aim to acquire sculptures over time to enhance the outdoor spaces and the appearance of the Community Arts building by adding artistic features. Apart from that we will contribute to the shared facilities, provide required furnishings and insulate our storage shed to ensure the safe-keeping of stored equipment and materials. We will also contribute the \$3 300 funds from the now defunct PCARC to landscaping & beautifying the area for the benefit of the whole community. Undoubtedly there will be many additional expenses to consider!

Sponsors, Artists & Community:

Without the support of sponsors (especially the Shire and local businesses), artists and community, we would be unable to provide Arts opportunities and experiences for artists, local residents and visitors.

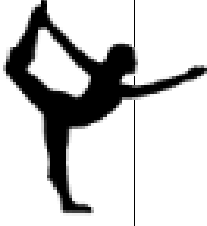

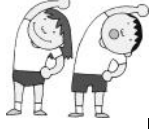

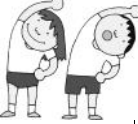

A HUGE THANK YOU to all of you for your support and contribution to the Arts Culture in Pemberton!! Make sure you come to view the 17th Annual Spring Exhibition and support an artist by purchasing a work. In centuries to come, it will be the art that survives when all else has passed.

SPECIAL THANKS to Max Hewitt whose inspiring designs opened our eyes to possibilities.

New works: (still life & landscapes) can be viewed at LJ Hooker Pemberton.

Art Sessions: Wednesdays 9.30 am – 12.30 pm. Bring your own project or try something new.

PEMBERTON COMMUNITY GARDEN CLUB—AUGUST IN THE GARDEN

On August 16th we visited Katrina Zemke's house starting with a tour of her orchard where she is trialling green manures (grass, legumes and other plants growing) to activate the soil, smother the weeds and then provide green feed for her chooks.

Katrina is a great experimenter so had lots of ideas to introduce to the group; banana circles, green manure, chickens in the orchard, sheet mulching to start garden beds, worm farms in bath tubs, and resulting compost / worm casting tea. We got to see the difference in having a north facing protected winter garden

spot beside the thermal mass of a rammed earth home. Shown below you can see the plants did not even know it was winter.

After a great tour of her growing spots we learnt how to make the worm casting tea, which involved getting the castings (worms carefully removed) and putting a few handfuls in a cloth bag, adding it to a bucket with some other goodies and then aerating the mix for 24hrs with a aquarium aerator.

You can look up more details about this way to make a great probiotic for your soil even usable on natives this mix can go on the garden with a watering can (the bucket size) or be injected into your orchard reticulation (fertigation) on a massive scale (the 200l blue drum size), search Compost Tea or Worm Tea on the internet for some recipes.

The September 20 meeting will be at Forest on Conte where Charles and Jolene are living. We will be helping plants some crops for spring summer growth and sharing cuttings and seeds.

We are hoping to tee up a meeting and tour of Manjimup Community Garden on October 17th (NOTE a Saturday) to see what they are doing there and compare notes about

how to improve the attendance and offerings at Vic Conte Community Garden. Check our Facebook page to confirm this one.

If you would like to join us email charles@terraperma.com.au to get on the email list or, jump on the Facebook page or give the CRC a call on 9776 1745 to get the details.

Spring is ready to pop out there and it is the BEST time to grow food, so if you want to start gardening, learn a few things or share your success with the Pemberton Gardening group please come and join us. We meet on the third Sunday of each month so pop it in your calendars and get in touch and we will keep you in the loop via email or check Facebook here - <https://www.facebook.com/groups/2397297890596542/>

FAREWELL FAVERO'S

On the 1 October 1993, a mere 27 years ago, Fernando and I with our three small children Karleha 9, Jack 5 and Laura 3 took over the Pemberton Garage and Service Station from the Shuttleworth family.

Soon we will be handing over the keys and starting a new chapter of our lives. It has been our labour of love, and, through ambition and hard work we have transformed the Service Station into what you see today.

Over the years we have made many changes to the Shop area, making it unrecognisable to what it looked like when we bought it in 1993. The first project that we undertook not long after taking ownership, was removing the old 'Wheel In Café', transforming the area into an office and storage for spare parts. This space is now where the camping and spare parts are located.

In 2000 we removed interior walls to create more shop space. By removing the middle garage bay and incorporating it into the showroom area, this allowed us to become more diverse in our product range, rather than just selling spare parts.

In 2015 the Outdoor Payment Terminal was installed allowing fuel to be available 24 hours a day. This allowed everyone to access fuel whilst we could spend part of our weekends and Christmas Holidays away from the Service Station, and be with our family.

And more recently in 2019, we completed the mammoth task of transforming the tired shop front and forecourt of the Service

Station, including installing new tanks. This is what you see today.

Our 27-year dedication to the Service Station has allowed for the above changes to come fruition, but all of this would not have been possible without our parents support and guidance. Without them we would not have been able to operate seven days a week and perform those massive renovations all whilst raising our family. Our parents would look after our children after school, on weekends and on the Christmas Holidays, so we could work. They would always park in the driveway and call in for a chat and lend a helping hand whenever we needed it. It is with deep sadness that we acknowledge that our fathers Gino and Charlie, who are no longer with us, missed out on seeing the recent and final change that we have made to our second home.

We would also like to take this opportunity to thank all our staff, past and present. Your support over the years is invaluable and we could not have achieved it all without you. The administration support, mechanics, drive way attendants and the all-rounders, thank you.

And to our son Jack, thank you. You have been by our side helping us from the day we took over the Service Station. You have grown up in the garage, from annoying your Dad as a boy to completing your apprenticeship and managing the business so we could take holidays. We definitely could not have done this without your passion for mechanics and ability to take control when we needed you. We love you and wish you all the best for your next chapter as well.

Finally, thank you to the people of Pemberton for supporting us over the years. It will be a day full of emotion when we turn the key to close the doors of the Service Station one last time. We hope you welcome the new owners, City and Regional Fuels as you did us those many years ago.

Janet and Fernando Favero

DEVELOPING

PEMBERTON AS A TRAIL TOWN

Pemberton has unrivalled potential to provide a vast range of trail based experiences that showcase the region's towering forests, landscapes, gourmet food, wine, art and biodiversity wonders. Pemberton has been identified as a developing trail town which provides a variety of trail experiences, infrastructure, facilities and services.

Work is underway to create a trails master plan to help guide the sustainable development and assist marketing Pemberton as an iconic trail town.

consumers are increasingly seeking authentic, exciting

THE CHURCH IS ITS PEOPLE

Last week I had the delightful experience of attending an informal meeting with a group of people to discuss life in general and spirituality and Christianity specifically.

This was at the Seventh Day Adventist Church in Manjimup. The whole event reminded me of my youth attending the Methodist Church in Pemberton in the late 1930's and 1940's.

My parents were significant participants in the development of the Pemberton Methodist Church. My father, Walter (Wally) Bryant, was involved in building the Church where it still stands in Brockman Street to this day. My mother, May Collins, was the organist assisted by other parishioners in the congregation.

But key to the Church were its people. They assisted and collaborated in every aspect of the Church. I intend to complete a summary of the development of the Church in the early days in a future issue of the PCN. Any contribution of memories, articles, and especially photos, would be greatly appreciated, together with information about significant people - for example Arthur Bunn who had a magnificent bass voice.

If you have any ideas or information about the early Methodist Church and its progress I would appreciate if you would leave it for me with the office of the Pemberton Community Resource Centre in Brockman Street, or you may email me on williamjboz@hotmail.com.

Thank you,
 Bill Bryant

SAINT JOSEPH'S SCHOOL NEWS

COMMUNITY SERVICE at SAINT JOSEPH'S

One of our heroes here at Saint Joseph's is Australia's first saint, Mary MacKillop. She is especially significant to our school, as she founded the Sisters of Saint Joseph, who went on to establish our great school in 1953. Mary MacKillop once famously said, "never see a need without doing something about it". Well, to honour her on her Feast Day last week, each of our students spent the morning working on a community service project. These projects included:

- Gardening- cleaning up the school gardens and community garden.
- Rubbish Pick-Up- picking up litter from the streets, parks and bushland of Pemberton.
- Cooking- making meals to be donated to Vinnies, to be distributed to those in need in our local community.
- Home Visit- visiting the home of a local resident to assist with chores and to provide companionship.

I was so proud of our students for the way they embraced this opportunity so eagerly- I really hope we were able to make a positive difference for our community.

AUGUST AT PDHS

Some primary students in Years 3-6 have been participating in dance lessons with Mrs. Cernotta and Mrs. Brooks. The group will be creating a dance using the theme of "Isolation" for this year's YOH Fest where entries are being submitted in video format.

During a Friday lunchtime, Mrs Barnsby took advantage of the weather and organised and umpired a Netball match on our School Courts which involved mainly our High School girls and some students from Years 4-6 . All girls competed in fantastic spirits. Thanks very much to Mrs Barnsby for setting this up and to the girls for getting so involved.

In Visual Art, the Year 3/4 class have been continuing to experiment with Origami with Mrs Guery. All students made butterflies, with some students exploring other origami patterns like jumping frogs, iris flowers, boxes, bats, foxes and many more.

In the kitchen, the Year 6 students made some more delicious orange marmalade as well as some experimental candied orange, while the Year 4's made a gorgeous batch of orange jam.

The Year 9-10 Independent Living class are preparing a meal plan on a budget for an event which would create an income. As a part of this task some talented students are applying their music skills to form a band. We look forward to their event.

This month I have copied our part of the state heritage section on our Pemberton Mill house Precinct for general information about some of the rich history of Pemberton.

Cheers
Ros

11. ASSESSMENT OF CULTURAL HERITAGE SIGNIFICANCE

The criteria adopted by the Heritage Council in November 1996 have been used to determine the cultural heritage significance of the historic precinct.

HERITAGE COUNCIL OF WESTERN AUSTRALIA THEME(S)

- 107 Settlements
- 304 Timber industry

its organising influence, together with the intensely visually rich rear laneways contribute significantly to its overall townscape value. (Criterion 1.4)

11.1 AESTHETIC VALUE*

Pemberton Timber Mill Workers' Cottages Precinct is a large collection of simple, well proportioned workers cottages, dining room and boarding house, together with a mill manager's house and outbuildings in the Federation and Inter-War Bungalow styles, framed and clad in karri with iron roofs. The cottages have outbuildings constructed in the same materials giving the diverse style strong visual coherence. Though all of these buildings are simple, they are elegant and their collective visual impact is significant. (Criterion 1.1)

Pemberton Timber Mill Workers' Cottages Precinct includes a collection of standard pattern houses, competently designed and executed, and in general the group has been maintained in a consistent manner. The skill of execution of the original work to the cottages is of a high order and that of the outbuildings more suggestive of the do-it-yourself ethic to a consistent standard. Generally outbuildings were erected by occupants using a narrow range of designs and the same materials as the houses; these structures are a harmonious part of the historic precinct. (Criterion 1.2)

Pemberton Timber Mill Workers' Cottages Precinct is set on the side of a hill rising above the mill and has a re-growth timber backdrop. Viewed from the western approach to the town, the group contributes to a picturesque cultural environment. (Criterion 1.3)

Pemberton Timber Mill Workers' Cottages Precinct is a substantial collection of buildings representing a range of aspects of mill town life, built and maintained to a small number of consistent patterns, and these elements collectively form a significant intact timber townscape. The railway track and

11.2. HISTORIC VALUE

Pemberton Timber Mill Workers' Cottages Precinct is significant as timber workers' accommodation built by State Saw Mills over a period of c. 40 years from 1913-14, which was modeled on the townsite development of timber towns as developed in the late nineteenth and twentieth centuries by private enterprise. (Criterion 2.1)

Pemberton Timber Mill Workers' Cottages Precinct is significant for its development as an integral part of the timber industry in the South-West of Western Australia, the initial period being directly related to State Saw Mills' contract to supply sleepers for the Transcontinental Railway. (Criterion 2.2)

Pemberton Timber Mill Workers' Cottages Precinct was developed as an integral part of State Saw Mills' development of its operations in the South-West from 1913-14 to 1961, and subsequently has continued as a mill workers' precinct under Hawker Siddeley and later Bunnings, now Sotico, throughout the remainder of the twentieth century and into 2002. W. Properjohn was involved in the selection of the site, supervision of initial stages of building, and as the initial Manager at Big Brook, was the first occupant of the Manager's House. (Criterion 2.2)

Pemberton Timber Mill Workers' Cottages Precinct was laid out to a similar plan to earlier mill precincts developed by private enterprise. The main distinction is the use of karri timber, the readily available local timber, whilst most mill buildings elsewhere make use of the most readily available timber in those localities, generally jarrah. (Criterion 2.3)

11.4. SOCIAL VALUE

Pemberton Timber Mill Workers' Cottages Precinct is valued by the community of Pemberton, the Shire of Manjimup and the wider community of Western Australia for social and cultural reasons, as evidenced by its inclusion on the National Trusts of Australia's list of endangered places in August 2002. (Criterion 4.1)

Pemberton Timber Mill Workers' Cottages Precinct contributes to the community's sense of place as an integral part of the mill town around which the town of Pemberton has developed and in its contribution to the tourism value of the town, as evidenced by community concerns expressed in regard to its future, and by its inclusion in the Municipal Heritage Inventory. (Criterion 4.2)

Pemberton Camp School Update

All Fairbridge Camp Schools officially reopened to school groups at the start of term 3 and camps have resumed at most of our sites. Concerns regarding the second wave of Covid-19 in the Eastern States has led to increased caution amongst schools and a second wave of camp cancellations. As one of our smaller sites, Pemberton Camp School has been hit hard with all bookings for August postponed to 2021. School and Community camps at Pemberton will resume mid-September, with steady bookings throughout term 4.

Fairbridge WA is committed to engaging with the community we operate in so I am pleased to announce that members of the public and holidaymakers are now welcomed to make use of the mountain bike track, playground and sports courts, and can book accommodation facilities. In partnership with the PCA, upgrades to the on-site trails have been underway including two links to the Swimming Pool Rd footpath.

When you are visiting, take the time to peruse our new information board with details of our school and community programs as well as private booking rates. Use of facilities is at your own risk, and we request all visitors be considerate and respectful of the Camp School by; wearing a bike helmet, parking in designated parking areas only, giving way to Camp School groups & supervising children.

We hope that your experience of our facilities and services helps you to connect with the outdoors, yourself and your community.

Fairbridge Camp School

JUMBLED NEWS!

Summer times are fun filled times when children enjoy playing outdoors. I recall many good times, playing in the sunshine with neighbourhood friends. There were fun things to do in Winter too, like reading, drawing, playing cards as well as the favourite telling of yarns!

Being as active as any seven year old, and with a streak of adventure, I preferred the outdoor life. Saturday late afternoon regardless of the weather conditions I would walk down to the train station to get the newspaper at the platform kiosk. One had to stand in a queue and

wait your turn to get to the semi-lit window opening. It somehow had a magical look with a variety of lollies in jars, strings of bags of nuts and dried fruit and of course maga-

zines, comic books and newspapers for the grown-ups.

One Saturday I ran to the kiosk to buy Dad's Saturday Argus before the rain came down. On rainy days the raindrops disguised themselves into silver beads against the street lamps and these were the days you would not venture without a rubberised raincoat and gumboots. I hurried down the tree-lined avenue without my rain gear. The queue was quite long and customers seemed to be purchasing lots of snacks and reading material for a cosy evening at home. After endless minutes I reached the open window. In the meantime the gentle breeze turned into gusts of wind and I anticipated rain. By the time I was heading home, soft drizzle became huge cold raindrops. It was indeed Winter!

I stopped under the old oak tree, unfolded Dad's newspaper and made myself a pixie hat. Three sheets around my shoulders and the rest around my waist, transforming the Saturday Argus into a hooded raincoat. At least I would keep dry even if the news got wet!

At home, sitting in front of the fire was Dad, waiting to catch up on the latest news events. I entered, covered in dripping wet newspaper, now falling apart. I wasn't really too wet, perhaps damp clothing and wet feet. The pixie hat had unfortunately taken off in the wind and my hair was slightly soaked.

"Oh dear!" said Dad, "The paper's ruined!". Seeing the

expression on my face, he added, "Never mind my girl, I'll listen to the news on the transistor radio", and headed for the bedroom.

I positioned three chairs in front of the kitchen wood stove which was burning steadily, and draped the soggy newspaper over the backs of the chairs. Mum came to my rescue with a cup of hot chocolate and a towel. As I sipped the drink, I turned the paper making sure it wasn't too close to the stove. In the warm kitchen it dried quickly and I proceeded to fold it as best as I could.

Yes, Saturday Argus in a bold heading was Page One, then it was followed by the next and so on I left the folded paper on the kitchen table and Mum ushered me to the bathroom and then to bed. I was proud of my sterling effort to reassemble the Saturday Argus.

As I dozed off I overheard Dad having the following conversation with Mum, now both back in the kitchen.

"I tried to make sense of the news dear. The farmers managed to save their crops and then the rugby players played a match on the farmland. That old clothing factory had closed down and the High School children slept in the factory yard during school camp! Buses offering discount fares will take you by air to America!"

Mum was now laughing loudly. Dad added that he really did read the Saturday Argus as I had folded its pages but he missed the classified ads. I sat up thinking—that must have been my pixie hat that blew away. "Never mind, that daughter of ours made such a good effort to save my paper, so we won't tell her the pages got all mixed up!"

Having heard the "distressing news" myself, I got up early on Sunday morning, took some coins out of my moneybox and ran out to buy a "fresh" Saturday Argus. I placed it carefully and neatly on Dad's favourite easy chair and went out to jump in the puddles in my gumboots.

Dad must've been pleased by my effort to save his newspaper and I never told him that I had overheard his conversation with Mum. That afternoon he took me for a long drive in his old, but reliable, Buick station wagon, forfeiting his usual visit to his best pal, Uncle Tom.

What I learnt from the whole event was that one shows love and appreciation towards others by making sacrifices. I did, and so did Dad. Perhaps you did too!

Shire President's Message

worried about the next one get in touch with one of the many community representatives to discuss your options. A full list of representatives is available on the Shire's COVID information webpage.

The relief fund has been made possible through the generous support of Lotterywest and the hard work of the Shire's COVID Recovery Team, the Shire of Manjimup has attained \$428,364 to assist people living in the Shire (both permanent and itinerant) to alleviate any hardship that is being felt due to COVID-19. Approximately \$60,000 has already been utilised to help residents with basic necessities like firewood, gas and food.

Rates

Following the adoption of the budget comes the onset of rates. This year's rates reflect 22% of the Shire's income. The WA Local Government Association has produced some very informative videos and brochures explaining how your rates are calculated, you can find links to them on the Shire website.

BEN Signs

The Beach Emergency Numbers signs program is a coding system created with a unique prefix and has been integrated into CAD systems used by emergency services. These signs provide specific location information which is vital when emergency services are deployed. In the event of an emergency, dial 000 and quote the unique code and location information.

West Australian Photographic Federation Convention

The annual West Australian Photographic Federation's convention, PhotoWest, is this year being hosted by the Southern Forests Photography Club in Pemberton. The event sold out in 48 hours and will see photographers from throughout the state enjoying workshops, guest speakers and fellowship while exploring the Southern Forests region over the weekend 16-18 October 2020.

Until next time stay well and safe....Paul

Adopted Budget

The 2020-2021 Financial Budget was adopted at the Council meeting on 13 August 2020. This year's budget saw a 0% rate rise and a freeze on fees and charges in an effort to ease the burden on the community due to the impacts of Coronavirus. Council also voted to obtain three loans to be used for the Pemberton colocation project and a two stage upgrade of recreation and community facilities. The budget is available to view at the Shire Administration Office, public libraries and on the Shire website, you are encouraged to make yourself familiar with it.
